

### Recording an Active Mission in NestStory

1. Log into: <https://mdeagle.neststory.org/>
2. Select "Field"
3. Select your Nest's Site ID
4. Check the Time
5. Add anyone with you (optional)
6. Select "Begin Mission"
7. Head out to your nest (You can add general notes and observations about the nesting site before you check your nest(s))
8. Select the Nest
9. Select "Nest Status"
10. Enter Eggs Observed (if you can't see eggs, select "-")
11. Enter Chicks Observed
12. Enter Adults Observed
13. Add any Observations
14. Click Record It and you will be returned to the Mission screen
15. Head Home and Select "End" (in blue banner in upper right of screen)

### Recording a Previously Completed Mission in NestStory

1. Log into <https://mdeagle.neststory.org>
2. Select "Backcenter Center"
3. Select "Speed Check"
4. Find your Nest's Site ID and Select "Add Check"
5. Enter Your check data
6. Select "Record Check"

#### Helpful Hints:

- *NestStory is a Web page (not an app) so use your phone/computer browser to access it.*
- *Remember to add the TOTAL time from when you set out to when you finished entering your data.*
- *Remember not to access private property without permission.*
